PHILIP MORRIS INCORPORATED INTER-OFFICE CORRESPONDENCE

120 PARK AVENUE, NEW YORK, N.Y. 10017

TO: Dr. Helmut W. Gaisch

DATE: August 20, 1984

FROM: G. C. Adkins

SUBJECT: Barclay -- FTC Inquiry

As I thought, the 800-subject study reported by Gori has been known to us since at least the middle of 1983. It was described in the affidavit of Gori filed in the FTC litigation last summer. Copies of that affidavit and certain other exhibits to Brown & Williamson's recent comments to the FTC are attached.

I look forward to our meeting here next Monday.
